

Panoramic Prints and Multi-photo Templates Tutorial

Getting Started

Click on Sizes button (bottom left).

Click on Show Sizes Palette.

Return to Sizes button and click again.

Mouse over Catalogs and Select Panoramic Prints or Multi-photo Templates

Templates will appear in their own dialogue box.

Selecting a Template

Click once on any template – it will appear in this window.

Click on photo holes or text boxes. The blue border is your crop line.

Adding Text

Double click in the text area. This will zoom in to your text box.

Type text in drop-down text box.

Check spelling (no makeovers will be allowed for spelling errors).

Click on Options to change the color or size of your typeface.

Double click to return to full screen view.

You are not required to add text.

The instructions to “Type your text here” will not print.

Important Notes

Check your order carefully for typing errors. No makeovers will be allowed for spelling errors.
